

RE:UNION

Digital Collection Upload Agreement

End User License Agreement & Data Processing Notice

Version 1.0 | Effective Date: 2026/06/06

⚠ PLEASE READ THIS AGREEMENT CAREFULLY BEFORE UPLOADING YOUR COLLECTION

BY UPLOADING YOUR ENCRYPTED DIGITAL COLLECTION FILE, YOU CONFIRM THAT YOU HAVE READ, UNDERSTOOD, AND AGREE TO BE BOUND BY ALL TERMS OF THIS AGREEMENT.

IF YOU DO NOT AGREE, DO NOT UPLOAD YOUR FILE.

THIS AGREEMENT CONTAINS IMPORTANT LIMITATIONS ON RE:UNION'S OBLIGATIONS, DISCLAIMERS OF WARRANTIES, AND WAIVERS OF CERTAIN CLAIMS.

PREAMBLE AND CONTEXT

Re:Union (hereinafter “Re:Union,” “we,” “us,” or “the Organisation”) is a community stewardship organisation established for the purpose of preserving and continuing community access to the Altered Trading Card Game (“Altered TCG” or “the Game”) following the discontinuation of services by Equinox SAS (“Equinox”), the original publisher.

Re:Union previously operated a proprietary digital collection infrastructure under which players could register physical cards via QR code and manage their collections through the altered.gg platform. Equinox commercially described this system using the term “digital ownership”; however, as set out in Article 2 of this Agreement, that term was a commercial description only and did not constitute or confer a legal property right of any kind. With the cessation of Equinox operations, players may be in possession of encrypted digital collection files (“Collection Files”) that represent a record of their former digital collection on the Equinox platform.

Re:Union is offering a voluntary facility for players to upload their Collection Files for potential future use in connection with any community-operated services that Re:Union may or may not develop. **UPLOAD IS ENTIRELY VOLUNTARY AND CONFERS NO GUARANTEE OF ANY SERVICE, RECOGNITION, OR BENEFIT.**

Re:Union is an independent community-led project and is not affiliated with, endorsed by, sponsored by, or partnered with Equinox, Asmodee, or any official Altered TCG entities. All trademarks and copyrights belong to their respective owners. Re:Union operates as a third-party stewardship initiative, and official entities are not responsible for the content, security, or management of this service.

ARTICLE 1 — DEFINITIONS

For the purposes of this Agreement, the following terms shall have the meanings set out below:

Term	Definition
"Altered TCG"	The digital collection system and associated digital services created and published by Equinox SAS in connection with the Altered trading card game, including all digital card records, digital collection records, collection data, and associated digital intellectual property. For the avoidance of doubt, this Agreement relates solely to the digital collection and Re:Union does not recognise, record, or accept any rights or claims relating to physical Altered TCG cards or physical card ownership of any kind.
"Unique Card"	A card of the Unique rarity within Altered TCG. Each Unique Card is algorithmically generated and physically printed as a one-of-a-kind item: no two Unique Cards in existence share the same combination of card identity, stats, mana costs, and rules text.
"Digital Collection Record"	The intangible record maintained by Equinox on its servers linking a specific User account to a specific physical card via that card's QR code. Equinox commercially described these records using the term "digital ownership"; however, Digital Collection Records were not property rights in law. They were revocable, account-linked collection records governed by Equinox's General Terms of Use and subject to suspension, termination, and permanent deletion by Equinox at any time.
"Collection File"	Any encrypted or unencrypted digital file, data export, or data representation provided or generated by Equinox, or derived therefrom, that purports to record a user's former Digital Collection Records on the Equinox platform.
"Uploaded Data"	A Collection File, together with any accompanying metadata, account identifiers, or personally identifiable information, submitted by a User to Re:Union through the Upload Facility.
"Upload Facility"	The technical means by which Re:Union accepts Collection Files from Users, including any web portal, API endpoint, or other mechanism made available for this purpose.
"Re:Union Services"	Any digital platform, tool, application, website, or service that Re:Union may develop, operate, or make available, now or in the future, in connection with the Altered TCG community. No such services are guaranteed to exist.
"User" or "you"	Any natural person who uploads a Collection File to the Upload Facility under this Agreement.
"GDPR"	Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data (General Data Protection Regulation), as applicable.
"Data Controller"	Re:Union, acting as the controller of personal data submitted through the Upload Facility.

ARTICLE 2 — NATURE AND STATUS OF DIGITAL OWNERSHIP

2.1 No Guarantee of Legal Ownership

You acknowledge and agree that Digital Collection Records on the Equinox platform constituted a revocable, account-linked collection record and a licence to interact with Equinox's digital services — not a property right in the underlying card design, artwork, intellectual property, or any physical or digital object. Equinox's use of the term "digital ownership" in its General Terms of Use and marketing materials was a commercial description only. This is evidenced by the fact

that Equinox's own General Terms provided that closure of a Player Account resulted in the permanent and irreversible deletion of all Digital Collection Records — an outcome fundamentally inconsistent with genuine legal ownership. A property right cannot be extinguished merely by closing an account.

2.2 Uploaded Data is Not a Legal Transfer of Ownership

The act of uploading a Collection File to Re:Union does not constitute, and shall not be construed as:

- a transfer of ownership of any physical Altered TCG card;
- a transfer of any intellectual property right in any card design, Unique Card generation, artwork, or game system;
- a grant of any property right, possessory right, or enforceable entitlement against Re:Union;
- an acknowledgement by Re:Union that the Collection File accurately represents any prior ownership relationship;
- a promise by Re:Union to recognise, replicate, or honour any prior Digital Collection Records.

2.3 Tokens and Digital Representations Are Distinct Objects

Any digital tokens, identifiers, or representations that Re:Union may in the future associate with a User's Uploaded Data are entirely new objects created by Re:Union. They are distinct from, and shall not be treated as equivalent to, any prior Digital Collection Records on the Equinox platform. Such tokens are provided solely for community engagement purposes and carry no monetary value, no transferable financial interest, and no guarantee of continuity.

NO MONETARY VALUE

Any digital representations or tokens associated with your Uploaded Data are issued for community purposes only. They must not be traded for money or monetary equivalents and may cease to exist at any time without notice, compensation, or liability to Re:Union.

ARTICLE 3 — UNIQUE CARDS: SPECIAL PROVISIONS

3.1 Background

Unique Cards represent the highest tier of rarity in Altered TCG. Each Unique Card was individually generated through a proprietary multi-stage algorithmic process developed and operated exclusively by Equinox, involving: (i) a generative system producing millions of algorithmically-derived card variants from base character statistics, costs, and abilities; (ii) a proprietary filter algorithm assessing game-balance parameters; and (iii) manual review and rating by Equinox's game design and professional play team. The resulting physical card was printed with a unique QR code as a genuinely one-of-a-kind physical and digital object — no two Unique Cards share the same combination of card identity and stats.

3.2 Re:Union's Rights Regarding Unique Card Data

You acknowledge and agree that Equinox has made the full dataset of Unique Cards available to the community, including cards that were scanned and registered by users as well as cards

that were never scanned or claimed by any user. Re:Union's access to and use of Unique Card data is therefore independent of any individual upload and does not require the consent of any User. By uploading a Collection File, you make no claim of exclusive rights over any Unique Card data contained within it, and you acknowledge that Re:Union may use any Unique Card data from any source. Without limiting the foregoing, Re:Union may at its sole and absolute discretion and without notice or compensation to you:

1. Make the statistics, rules text, faction, and other characteristics of Unique Cards accessible to other players, including on a public basis, for game-play, deck-building, community research, or any other purpose Re:Union considers appropriate;
2. Incorporate Unique Card data into a shared community card database, searchable interface, or other collective resource without restriction;
3. Modify, rebalance, correct, or exclude any Unique Card characteristics from any Re:Union Service for game-balance or community reasons;
4. Decline to implement, recognise, or honour any Unique Card characteristic, including characteristics that may have been considered advantageous or valuable on the Equinox platform;
5. Associate a Unique Card's characteristics with multiple User accounts if the same card data appears in multiple Collection Files, without determining or adjudicating any priority of claim between Users.
6. Feature card data in community rankings, top lists, public decklists, meta-analysis, archival records, or any other community tool or resource that Re:Union may develop or operate, whether or not such tools are currently planned or announced.

3.3 Community Use of Card Data

Card data contained in Uploaded Data, including any Unique Card data, may be used by Re:Union for community purposes including but not limited to community rankings, top card lists, public decklists, meta-analysis, and archival records. As established in Article 3.2, Re:Union's right to use Unique Card data exists independently of any individual upload and does not require the consent of any User. Such community use will not identify you personally as the source of the Uploaded Data.

3.4 Waiver of Unique Card Exclusivity Claims

YOU EXPRESSLY WAIVE ANY CLAIM, DEMAND, OR CAUSE OF ACTION AGAINST RE:UNION ARISING FROM OR RELATED TO:

- The loss of exclusivity of any Unique Card characteristic as a result of Re:Union making such data accessible to other users;
- Re:Union's failure to replicate the one-of-a-kind status of any Unique Card on any Re:Union Service;
- Any other user accessing, viewing, or using the characteristics of a Unique Card associated with your Uploaded Data.

ARTICLE 4 — GRANT OF LICENCE TO RE:UNION

4.1 Licence Grant

By uploading your Collection File, you hereby grant Re:Union a worldwide, royalty-free, perpetual, irrevocable, sublicensable, transferable licence to:

- store, copy, process, analyse, and use the Uploaded Data for any purpose connected with the development or operation of Re:Union Services;
- make Uploaded Data (excluding directly identifying personal data) accessible to other users, developers, or the general public;
- incorporate Uploaded Data into databases, interfaces, tools, or other products;
- share Uploaded Data with third-party service providers, technical partners, or community organisations operating in connection with Re:Union, including the following categories of provider: (i) print-on-demand services, for the purpose of enabling community card printing; (ii) online gameplay platforms and game tools, for the purpose of enabling digital play using community card data; (iii) deckbuilder tools and services, for the purpose of enabling players to build and share decks using community card data; (iv) analytics tools and services, for the purpose of analysing collection data, card usage, and community trends; and (v) hosting, infrastructure, and technical service providers, for the purpose of operating and maintaining Re:Union Services. Re:Union will only share Uploaded Data with third parties to the extent necessary for the relevant purpose and will not authorise third parties to use Uploaded Data for their own independent purposes.

Scope of the licence; personal data and non-personal data. The Uploaded Data, as defined in Article 1, may comprise both (i) data that does not constitute personal data within the meaning of the GDPR — including Collection File card data, collection records, and data anonymised in accordance with Article 7.5 (together, the “Non-Personal Data”) — and (ii) personal data, such as account identifiers, email address, or other personally identifying information. The worldwide, royalty-free, perpetual, irrevocable, sublicensable, and transferable licence granted in this Article 4.1 applies only to the Non-Personal Data. Any personal data contained in the Uploaded Data is not licensed to Re:Union under this Article; it is processed solely on the legal bases, for the purposes, and for the retention periods set out in Article 7, and remains subject at all times to your data subject rights under the GDPR (Article 7.4), including the right to withdraw consent and the right to erasure. Accordingly, the perpetual and irrevocable character of this licence applies only to the Non-Personal Data and shall not be construed as limiting your rights in respect of your personal data.

4.2 Retention of Intellectual Property

You acknowledge that the Uploaded Data comprises data about Altered TCG cards, the intellectual property in which belongs to Equinox SAS (or its successors), and that Re:Union is not acquiring, and you are not purporting to grant, any rights in Equinox’s intellectual property.

4.3 Representations and Warranties

By uploading a Collection File, you represent and warrant that:

- the Collection File was issued to you by Equinox in connection with your own former Player Account and relates to cards you personally registered or legitimately received;
- you have not modified, falsified, tampered with, or artificially inflated the Collection File;

- uploading the Collection File does not violate any applicable law or any agreement between you and Equinox;
- you meet the minimum age required to consent to digital services under the laws of your country of residence, which is no less than 16 years of age, or have obtained the required parental or guardian consent. Where the minimum age in your country of residence is higher than 16, that higher age applies to your use of the Upload Facility.

ARTICLE 5 — NO OBLIGATION; DISCRETION OF RE:UNION

Re:Union accepts no obligation, and you have no expectation, that Re:Union will:

- develop, launch, maintain, or operate any Re:Union Service;
- make any use whatsoever of your Uploaded Data;
- recognise, replicate, or give effect to any former Digital Collection Record on any Re:Union Service;
- preserve the availability of the Upload Facility;
- delete your Uploaded Data before the expiry of five (5) years from the date of your last active connection to any Re:Union Service, provided that you have not actively used any Re:Union Service during that period. Where Re:Union intends to delete Uploaded Data on the grounds of inactivity, Re:Union will provide you with no less than 90 days' prior written notice to your registered email address, during which time you may log in to reset the inactivity period. This minimum retention period does not limit Re:Union's right to delete Uploaded Data earlier at your request under Article 7.4, or to retain data beyond five years where required by applicable law or where you remain an active user of Re:Union Services.

Re:Union reserves the right to change, suspend, or permanently discontinue any Re:Union Service, any use of Uploaded Data, or the Upload Facility itself, at any time and without notice, without liability of any kind to you.

NO PROMISES MADE

RE:UNION HAS MADE NO ANNOUNCEMENT REGARDING WHAT, IF ANYTHING, WILL BE DONE WITH YOUR COLLECTION FILE. YOU ARE UPLOADING ON A SPECULATIVE AND ENTIRELY VOLUNTARY BASIS.

YOU HAVE NO RIGHT TO DEMAND ANY BENEFIT IN RETURN FOR UPLOADING.

ARTICLE 6 — DISCLAIMER OF WARRANTIES AND LIMITATION OF LIABILITY

6.1 No Warranties

THE UPLOAD FACILITY AND ANY RE:UNION SERVICES ARE PROVIDED "AS IS" AND "AS AVAILABLE" WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT.

6.2 Limitation of Liability

TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, RE:UNION SHALL NOT BE LIABLE FOR:

- any loss of anticipated value, benefit, or advantage arising from Re:Union's failure to use, recognise, or honour Uploaded Data;
- any loss arising from the exposure of Unique Card or collection data to other users or the public;
- any loss of data, including loss of the Uploaded Data itself;
- any interruption, suspension, or termination of the Upload Facility or Re:Union Services;
- any indirect, incidental, special, consequential, or punitive damages of any nature.

6.3 Cap on Liability

In any jurisdiction where a complete exclusion of liability is not permitted, Re:Union's total aggregate liability to you under or in connection with this Agreement shall not exceed EUR 10 (ten euros).

6.4 Third-Party Misuse of Card Data

Re:Union is not responsible for, and shall have no liability in connection with, any unauthorised use, reproduction, printing, copying, or distribution of card data by any third party. This includes without limitation any third party who accesses card data from Re:Union's database or any Re:Union Service and uses it to produce proxy cards, print-on-demand copies, or any other physical or digital reproduction of any Unique Card or other card data without authorisation.

More broadly, Re:Union is not responsible for any action, use, or conduct of any third party in connection with card data made available through Re:Union Services, including any unauthorised commercial exploitation, redistribution, or misappropriation of such data. Re:Union will take reasonable steps to implement technical measures to limit unauthorised access to card data, but cannot guarantee that such measures will be effective in all circumstances and accepts no liability where they are not.

ARTICLE 7 — DATA PROTECTION AND GDPR

7.1 Data Controller

Re:Union acts as Data Controller in respect of personal data contained in or associated with Uploaded Data. Re:Union's data protection contact address is gdpr@altered.re.

7.2 Categories of Personal Data Processed

Re:Union may process the following categories of personal data in connection with your upload:

- Account identifiers (username/pseudonym, User ID, email address) as contained in or associated with your Collection File;
- Communication data if you contact Re:Union in connection with your upload.
- Transaction history data comprising the full history of cards given and received by your account and the context in which those transactions occurred, used to reconstruct the final state of each player's collection. Transaction data is shared only with the parties involved in each individual transaction. Where a User account is deleted, that User's pseudonym in transaction records is replaced with a notation indicating the account has

been deleted; the collection data associated with that account is retained in anonymised form linked to an internal identifier not shared with any third-party application, for the purposes of maintaining collection integrity and identifying fraudulent patterns.

7.3 Purposes and Legal Bases for Processing

Purpose	Legal Basis (GDPR Art. 6)	Retention
Receiving and storing your Collection File	Art. 6(1)(a) — Consent (this Agreement)	Maximum 5 years from date of last active connection (with 90 days' notice before inactivity deletion), or until deletion requested, whichever is earlier
Developing Re:Union Services using collection data	Art. 6(1)(a) — Consent (this Agreement)	Duration of Re:Union operations; subject to 5-year inactivity review
Making collection data (excluding personal identifiers) available to other users	Art. 6(1)(a) — Consent (this Agreement)	Until deletion requested
Complying with legal obligations	Art. 6(1)(c) — Legal obligation	As required by law
Security and fraud prevention	Art. 6(1)(f) — Legitimate interests	90 days from upload

7.3a Third Parties with Access to Personal Data

The following categories of third party may have access to personal data processed in connection with this Agreement, limited to the data necessary for the stated purpose:

- AlteredCore — community platform infrastructure provider, with access to account identifiers and collection data for the purpose of enabling Re:Union Services;
- AlteredDB — community card database provider, with access to collection and card data for the purpose of maintaining the community card database;
- Authentication and collection server provider: Contabo, with access to account identifiers and collection data for the purpose of hosting authentication and collection services. Re:Union is considering a future migration to Scaleway for main servers, in which case this notice will be updated;
- Backup storage provider: Scaleway, with access to backup data for the purpose of storing system backups. Personal data in backups is retained for a maximum of 30 days;
- Any additional third-party service providers listed in Article 4.1, to the extent necessary for the relevant purpose. Re:Union will maintain an up-to-date list of third-party processors available on request from the data protection contact address in Article 7.1.

Any third-party application seeking access to your personal data beyond the core community services described above will be required to obtain your separate, explicit consent for each category of data it wishes to access before any such access is granted. The only exception to this requirement applies to core Altered community services (currently: deck data and physical collection data) which are used directly by altered.re to store and retrieve user data as part of Re:Union's core infrastructure. This exception may be updated as the scope of core community services evolves.

7.4 Your Rights as a Data Subject

Under applicable data protection law, including the GDPR, you have the following rights:

- Right of access — to obtain confirmation of and access to the personal data Re:Union holds about you;
- Right to rectification — to have inaccurate personal data corrected;
- Right to erasure ('right to be forgotten') — to request deletion of your personal data, subject to Re:Union's legal obligations and legitimate interests;
- Right to restriction of processing — to request that Re:Union limits how it uses your data in certain circumstances;
- Right to data portability — to receive your personal data in a structured, commonly used, machine-readable format;
- Right to withdraw consent — where processing is based on consent, to withdraw consent at any time without affecting the lawfulness of prior processing;
- Right to object — to object to processing based on legitimate interests;
- Right to lodge a complaint — with the supervisory authority in your country of residence.

To exercise any of these rights, please contact Re:Union at: gdpr@altered.re. Re:Union will respond within 30 days of receipt of a valid request.

7.5 Collection Data and Anonymisation

You acknowledge and agree that Re:Union may anonymise or pseudonymise collection data (removing direct personal identifiers such as name and email address) and make such anonymised data available to other users, third parties, or the public as part of a community card database or similar resource. Once anonymised, such data is no longer personal data under the GDPR and is not subject to data subject rights in respect of that anonymised data.

7.6 International Transfers

If Re:Union uses data processors or infrastructure located outside the European Economic Area, Re:Union will ensure appropriate safeguards are in place in accordance with GDPR Chapter V, including where applicable the use of Standard Contractual Clauses approved by the European Commission.

ARTICLE 8 — SUSPENSION, BANNING, AND SERVICE DISCONTINUATION

You acknowledge and agree that if Re:Union suspends or terminates your account or access to any Re:Union Service for any reason (including violation of community rules, abusive behaviour, or fraudulent uploads), Re:Union may:

- cease providing you any benefit or recognition derived from your Uploaded Data;
- delete or quarantine your Uploaded Data;
- make your Uploaded Data (in anonymised form) available to other users notwithstanding the suspension.

In the event Re:Union permanently discontinues all Re:Union Services, any digital representations or tokens associated with your Uploaded Data will cease to exist. Re:Union will not be liable to you for any loss arising from such discontinuation.

ARTICLE 9 — AMENDMENTS, SEVERABILITY, AND ENTIRE AGREEMENT

9.1 Amendments

Re:Union reserves the right to amend this Agreement at any time. Material changes will be communicated to Users via the Re:Union website or registered email address with at least 14 days' notice. Continued use of any Re:Union Service following such notice constitutes acceptance of the amended Agreement. If you do not accept an amendment, your only remedy is to cease using Re:Union Services and request deletion of your personal data.

9.2 Severability

If any provision of this Agreement is held invalid, illegal, or unenforceable by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect.

9.3 Entire Agreement

This Agreement constitutes the entire agreement between you and Re:Union in respect of the Upload Facility and Uploaded Data, and supersedes all prior communications or representations. No reliance should be placed on any oral or informal statement made by any Re:Union volunteer or representative regarding the use of Uploaded Data.

ARTICLE 10 — GOVERNING LAW AND DISPUTE RESOLUTION

10.1 Governing Law

This Agreement, and any dispute or claim (including non-contractual disputes or claims) arising out of or in connection with it, its subject matter, or its formation, shall be governed by and construed in accordance with the laws of **France**, without regard to its conflict-of-law rules.

10.2 Consumer Protection

Where you are acting as a consumer, the choice of governing law in Article 10.1 does not deprive you of the protection afforded to you by provisions that cannot be derogated from by agreement under the law of the country in which you have your habitual residence.

10.3 Amicable Resolution

Before bringing any formal legal claim, you agree to first contact Re:Union at contact@altered.re and to attempt, in good faith, to resolve the dispute informally. Re:Union will endeavour to acknowledge your request within thirty (30) days.

10.4 Jurisdiction

Subject to Article 10.2, the courts of **France** shall have jurisdiction to settle any dispute arising out of or in connection with this Agreement. Nothing in this Article limits the right of a consumer to bring proceedings before, or be sued in, the courts of their country of habitual residence where such right is granted by mandatory law.

10.5 Data Protection Complaints

Nothing in this Article affects your right to lodge a complaint with a data protection supervisory authority, as set out in Article 7.4.

ARTICLE 11 — ACCEPTANCE

By ticking the acceptance checkbox and uploading a Collection File, you confirm that:

- you have read and understood this Agreement in its entirety;
- you agree to be bound by all provisions of this Agreement;
- you consent to the processing of your personal data as described in Article 7;
- you meet the minimum age required to consent to digital services under the laws of your country of residence, or have obtained the required parental or guardian consent;
- you are uploading voluntarily and with no expectation of any specific benefit or service in return.
